MOU-Grievance 03-27

AFGE Local 1709 (the union) agrees to withdraw Grievance 03-27, and not raise temporary changes to tours of duty under any other forum, under the following conditions:

1. Any contract language relating to notifying the union (in Article 3 and/or Article 26, Section 2B, etc.) as agreed to in the new labor-management contract between Dover AFB Delaware and AFGE Local 1709 will supercede the provisions of this MOU when that contract is signed and approved.
2. The union waives any right to notification about changes of conditions of employment regarding temporary changes to tours of duty in the following situations:
 - a. Recurring or repetitive changes; for example, annual recertification training, or scheduled workdays directly before monthly Unit Training Assemblies weekends.
 - b. When the Employer grants an employee request for a temporary change.
 - c. For civic obligations; for example, jury duty/court leave.
